Beste 5.1.2.e W,

Natuurlijk kunnen we hier even over bellen. Ik ben vandaag (en de afgelopen dagen ook) alleen wat slecht bereikbaar. Wellicht is maandag een mogelijkheid?

Groetjes,

5.1.2.e

Subject: EFSA consultatie methodologie bepaling achtergrondsterfte bijen - deadline 14 10 2019
Importance: High

Beste 5.1.2.e en 5.1.2.e W,

EFSA heeft een consultatie uitgezet over het "Draft protocol for the scientific assessment of background mortality of bees" (zie bijlage). De deadline is 14 oktober EOB, dus erg kort dag. (Helaas kreeg ik de mail zelf pas vandaag).

Gezien het wetenschappelijke karakter onderwerp ligt een samenwerking tussen WUR en Ctgb voor de hand om te komen tot de NL inbreng.

@ [redacted], kunnen wij morgen (donderdag) contact hebben om nadere werkafspraken te maken?

@ [redacted], ik ga er vanuit dat de WUR-inzet binnen het BO BTG valt.

@ [redacted], EFSA vraagt naar contactgegevens over imkerorganisaties die EFSA kan betrekken bij de herziening van het bijenrichtsnoer (was een onderdeel van de opdracht van de COM). Van welke organisaties kan ik de gegevens doorgeven?

Alvast dank!

Groet,

[redacted]

Ctgb

CC: [redacted]; [redacted]; [redacted]; [redacted]; PRAS.secretariat; EFSA PESTICIDES PEER REVIEW

Onderwerp: EFSA's Bee Guidance Revision - Second Consultation (MS) - deadline 14 10 2019

Dear Members of the Pesticide Steering Network,

as already announced, we would like to request your **second contribution** to the **bee guidance revision work**.

You will find attached EFSA's draft protocol for the scientific assessment of background mortality of bees. The document is about the methods EFSA plans to use to collect and analyse data regarding bee background mortality.

Comments to the document can be provided through this [LINK](#) **from today until Monday 14th October EOB**.

We would also like to draw your attention to **section 3.1.6 of the attached draft protocol** which concerns **engagement of beekeepers**. As described, please provide us with contact details of one or two beekeeping associations that operate in your country and have established a good network of (professional and not professional) members and appropriate communication channels. EFSA will draw a list of the associations suggested and invite at least 10 from 10 different countries to provide information based on their knowledge and experience through future consultation(s).

We look forward to receiving your contribution and thank you once again for your input to EFSA's work and your support in engaging beekeepers.

Best regards,

on behalf of Manuela Tiramani
Head of the Pesticide Peer Review Unit
