Subject: RE: NL candidate for water treatment process and support to bee guidance document

Dear 5.1.2.e Woo

Thanks for your clear helpful reply. I would like to join the teleconference on Friday to explore if there might be aspects of the water treatment project that it would be possible for CTGB to provide support. I.e. some subset of the work packages briefly outlined in my previous email.

Buiten reikwijdte verzoek

Thanks in advance if you can consider if there is scope to provide this kind of support.

5.1.2.e Woo is of course keen to firm up the scope / activities with the bee guidance. She looks forward to calling you at 11:00 on this Friday 7 Feb. I will also plan to join the call unless you indicate that there would be no possibility to help with any aspect of the water treatment.

Very best regards

5.1.2.e Woo

Subject: RE: NL candidate for water treatment process and support to bee guidance document

Dear 5.1.2.e Woo and 5.1.2.e Woo,

The last couple of days I have looked into both request and have discussed them with several people.

Buiten reikwijdte verzoek

I do expect that Ctgb is able to support EFSA on the bee guidance project. A preliminary discussion on management approval was favorable. I understand that initially [redacted] and [redacted] were contacted. They assumed that the duration of the support would be 15 days and a limited involvement. A longer duration and a greater involvement will probably not be a problem, but we do have to discuss how this will be arranged. More information is needed to prepare for a decision at management level. To further discuss the outline of the request for support on the bee guidance project we could call this Friday (at 11:00 or 13:00) and perhaps in more detail on Thursday 13th (at 10:00) with [redacted] attending. You can contact me on number +31 [redacted]

[redacted] I am sorry that Ctgb is not able to help out and hope this does not delay the start of your project.

Kind regards, [redacted].

Onderwerp: RE: NL candidate for water treatment process and support to bee guidance document

Urgentie: Hoog

Dear [redacted]

Further to my email below and that of my colleagues [redacted] of last Thursday, I am contacting you to arrange a time when we could discuss what we can organise for CTGB support to EFSA on the two guidance projects via the tasking grant.

I would propose to schedule a phone call or calls lasting a total time of about an hour.

[redacted] and I would be available for this call this Friday 7th Feb between 11:00 and 14:00 (only time slot when both our calendars have a coinciding free spot).

I could discuss the water treatment on Monday 10th Feb between 9:00 and 10:00 or 11:00 and 14:00 or 16:00 and 17:00
Also Tuesday 1st Feb between 11:00 and 14:00

[redacted] is available to discuss bees/pollinators on Thursday 13th Feb between 10:00 and 11:30 or 15:30 and 17:00
She also has slots on Friday 14th Feb between 9:00 and 11:30.

Hopefully the above options fits in with your agenda?

Please confirm what's possible with your preferred time (or times) and the number for the call(s).

Very best regards

[redacted] and [redacted]

Dear 5.1.2.e Woo,

Everything goes well, thank you! And I fully agree that we had a good meeting!

I think it is a good idea to provide more details, so we can discuss internally what we can or cannot offer.
I guess you need an expert in the area of fate and behavior for this task?
Best way forward is to discuss this with my colleague 5.1.2.e Woo she has also been involved in the process for 5.1.2.e Woo.

Best regards,
5.1.2.e Woo
