**Subject:** FW: SCPAFF December 2015 - action points  
**Attachments:** glyfosaat PPP NL.XLSX

Dear 5.1.2.e Woo ,

Please find attached the information on NL-PPP-authorizations that contain glyphosate. Unfortunately the link to the indicated sheet to upload the information is not working, access was denied.  
For reasons of time we only had a quick scan on the co-formulants. Many of the products are old, meaning that an exhaustive product composition is not readily available.

I hope to have informed you sufficiently,

best regards,

5.1.2.e Woo

**Onderwerp:** RE: SCPAFF December 2015 - action points

Dear 5.1.2 Woo

Thank you for your reply. The Commission does not have information on all companies that hold authorisations for glyphosate-containing PPPs in the 28 Member States. However, the Member States have information on the composition, including co-formulants, of all PPPs authorised on their territory. Therefore we asked you to submit the below mentioned information.

For ease of reference and as a reminder, I include the link and the original request sent by 5.1.2.e Woo in December:

MS are asked to upload the following information in an excel sheet in the CIRCABC folder:

<https://circabc.europa.eu/w/browse/ebb41ef6-c5c6-4817-97dc-1b428cbf1c1d>

1. A list of all authorised PPPs containing glyphosate
2. A list of all co-formulants used in at least one authorised PPP containing glyphosate

Please note that it is not necessary to indicate the composition of each individual PPP. If a co-formulant is used in several PPPs, it should appear only once on the list.

Kindly indicate your MS initials in the file name. **Deadline: 15 January.**

Thank you in advance for your support,

5.1.2.e Woo

**Subject:** SV: SCPAFF December 2015 - action points

Dear 5.1.2.e Woo

I am writing to you with a suggestion concerning Glyphosate and co-formulants.

At the meeting in ScoPAFF in December 2015 all MS were asked by the Commission to submit the following information by January 15<sup>th</sup>:

1. A list of all authorized PPP's containing Glyphosate
2. A list of all co-formulants used in at least one authorized PPP containing Glyphosate.

We will be happy to supply the information in point 1, but I was wondering if it would be easier and save a lot of time and effort if the Commission were to ask the companies directly about the use of co-formulants in Glyphosate products?

Best regards

**Emne:** SCPAFF December 2015 - action points

Dear colleagues,

Please find attached the action points coming from the SCPAFF held on 10/11 December. I have added, for each point, the name of the colleague to which you should send your input.

Have a splendid Christmas and wishing you all a very happy 2016. See you in January.

All the best,
