Dea colleagues,

As discussed at the last meeting of the PAFI, enclosed please find a very informative draft of the amendments to Regulation 844/2012 and 868/2012 that would make it possible to designate a group of Member States as joint Rapporteurs for glyphosate.

For the three Member States who showed some willingness (subject to confirmation, of course) to contribute to this work, 5.1.2e.Woo, I also spoke with 5.1.2e.Woo and 5.1.2e.Woo.

During the PAFI, I also offered to organise a teleconference to facilitate a first informal discussion about possible work and burden sharing. Possible dates would be 15 November at 10:30 h to 22 November at 10:00 h.

Please let me know by close of business next Monday, whether you would be interested to have such a teleconference and which of these dates would be preferable.

Regards,

5.1

P.S. apologies if I forgot to include all relevant national colleagues in the list of addressees – feel free to forward as appropriate.
