**Onderwerp:** RE: rapporteurship glyphosate

Dear 5.1.2e Woo

Thank you for the suggestions.

I believe that we can easily include the discussion about 'what needs to be done' under agenda item 3 – so no need for a separate item.

We will look into your suggestion regarding the draft Regulation and respond to it tomorrow during the conference call.

Regards,

5.1.2e Woo

**Subject:** SV: rapporteurship glyphosate

Dear 5.1.2e Woo  
Thank you for the agenda for tomorrow's tele-conference.

5.1.2.a Woo

Therefore, I suggest that an additional agenda point, inserted before point 3. is added, covering a first discussion of the task of the rapporteur-ship so that all RMS have the same understanding of what should/ need to be done. Since the most recent evaluation was finalised in 2015 and decision on renewal of approval was taken in 2017 I would assume that there are different views on what needs to be done in the upcoming evaluation.

With regard to the informal first draft of the amendments to Regulation 844/2012 and 868/2012 we would like to add the text highlighted in yellow below.

**Where a group of Member States jointly assumes the role of the Rapporteur Member State as set out in the fourth column of the Annex to Commission Implementing Regulation (EU) No 686/2012, no co-rapporteur Member State shall be appointed. In this case, all references to 'the rapporteur Member State' shall be deemed to be references to 'the group of rapporteur Member States' and all references to 'the co-rapporteur' shall be deemed to be to this same group.**

Kind regards,

5.1.2e Woo

Dear colleagues,

Further to my mail below, enclosed please find a draft agenda for tomorrow's call.

Please let me know whether you have other points to suggest (either by mail in advance or tomorrow at the start of the call).

Regards,

5.1.2e Woo

**Subject:** RE: rapporteurship glyphosate

Dear colleagues,

Thank you for your responses to my first message on this topic – and also special thanks to 5.1.2e Woo and 5.1.2e Woo for having forwarded the message to further colleagues in 5.1.2.a Woo.

Following the clear negative response from 5.1.2.a Woo I took the e-mail addresses of the colleagues off the distribution list.

Based on your feedback, 22 November is the preferred day for a conference call. I would suggest 10.00 h Brussels time (so 11.00 h in Finland and Greece).

I hope that is possible for everyone who intends to participate – if not. Please let me know.

If you have particular suggestions for the agenda, please send them to me for compilation – I plan to distribute a draft agenda a few days before the call.

Please dial the following access numbers:

- From Belgium: [redacted]
- From Finland: [redacted]
- From France: [redacted]
- From Germany: [redacted]
- From Greece: there is no local dial-in – so please call either the BE number: [redacted] or the closer one in Romania: + [redacted]
- From Hungary: [redacted]
- From the Netherlands: [redacted]
- From Sweden: [redacted]

When prompted, the participant code is: [redacted]

Regards,

[redacted]
