Dear 5.1.2e Woo

Thank you very much for the draft proposal for a governance model for the "glyphosate consortium". Please find attached the suggested changes and comments by Keml. We assume the document should be possible to disclose outside the group, which explains some of the comments. In addition to this document, we also need a separate document indicating the responsibilities of each RMS, i.e the division of work tasks and practical arrangements. I could offer to draft such a document in the beginning of January (7-11/1), when I'm back from the Christmas holiday.

Kind regards,

Dear 5.1.2e Woo,

Please find enclosed the draft document for the governance structure of the glyphosate consortium. I have spoken with 5.1.2e Woo last week and 5.1.2e Y would appreciate to receive this draft version as well, so I will send it to 5.1.2e Woo too.

We have to keep in mind to discuss with 5.1.2e Woo to add this document to the SCoPAFF documentation, when SCoPAFF has to vote on the regulation about the rapporteurs for glyphosate.

Kind regards, 5.1.2e Woo

Dear 5.1.2e Woo,

There is one issue that I have to discuss internally tomorrow morning before I can send you the document. I will do that as early as possible.

With regard to the amendments of regulations 686 and 844: we can agree with the amendments made by the COM. Can you provide some more detail on the issues you see for 844?

Kind regards,

5.1.2e Woo

Dear 5.1.2e Woo

Thank you for informing us and thank you for taking the initiative to draft the document on the governance of the glyphosate consortium, we will do our best to send our comments on Thursday.

In the mean time we have looked at the proposal from the COM on the amendments of regulations 686/ 2012 and 844/2012 and with regards to 844/2012 we would prefer the first proposal made by the COM. The amendments may influence the document we are drafting, so maybe we should also exchange our views (SE and NL) on the COM proposal before we circulate our proposal to the group.

Kind regards,

Dear 5.1.2e Woo,

Last week in Brussels it was agreed that I would make a new version of the document on the governance of the glyphosate consortium.

You offered to give input on this new version before I will sent it to the whole group, thank you for that!

Just to inform you about my progress: I have made a new version and I'm waiting for the internal input.

I'll finish it today (probably this evening) and send it to you right away.

I think it is necessary to send the document to the whole group before Christmas break, meaning in a few days.

Therefore, I inform you now, in the hope that you can reserve time tomorrow and Thursday to give input.

If it is possible for you to give your comments by Thursday evening at the latest, I'll finish the document on Friday morning.

So, you will hear from me later today!

Kind regards, 

 5.1.2e Woo
