Subject: Final document on governance

Importance: High

Dear all,

Thank you for all your remarks.

Sweden has done a great job in reformatting the document, Hungary had good proposals for a more logic sequence of the bullets and France had a good proposal for a clear separation of steering committee and secretariat/project management, so it really has been a nice group effort!

I have accepted almost all amendments and I have included the logo sent by Hungary. I have attached the document with track changes and a version with all changes accepted.

As 5.1.2.e Woo already explained below, it seems like a lot of changes have been made, but actually there are no significant changes with regard to the messages in the document.

As discussed last week, we are aiming a formal agreement on the governance by tomorrow.

So please respond to this e-mail, with your explicit agreement, by tomorrow Thursday the 14th of February at 15.00 hours.

Kind regards, 5.1.2.e Woo

Onderwerp: French comments on governance and detailed distribution documents

Dear all,

Please find enclosed the French comments on the AGG governance and role distribution.

5.1.2.a Woo

France suggests to turn the role of the project managers into a secretariat. The different tasks listed in the original document are sorted again to be either assigned to the secretariat or to the steering committee.

Let me know if you need more details. Apologies for the late sending, Kind regards, and a nice evening
