Dear all,

This is to inform you that the governance document is acceptable for Hungary.
Furthermore, we have just got a positive answer from the Ministry about our participation in the AGG.

Looking forward to working on the detailed division of responsibilities.

Have good weekend,

5.1.2.e Woo

Subject: RE: Final document on governance

Dear all,

Thank you 5.1.2.e Woo. The proposed amendment is fine for Ctgb, meaning that this version of the governance document is fully acceptable by Ctgb.

Commission also agreed on the governance document.

However, there is no response yet from the others.

May I kindly request a response by Monday 18th of February, so that we have the formal agreement on the Governance document?

The next step will be agreement on the document with detailed division of responsibilities and subsequently the formal commitment of the Member States to be part of the AGG, which we all have to communicate towards the Commission.

Kind regards,

5.1.2.e Woo

Dear 5.1.2.e Woo,

Thank you for a great job with the Governance document. I only have one small proposal for amendment in the attached document.
Since chairing of the steering committee now seems to be shared among all RMS, this need to be clarified in the document with more details.
Best regards,

Ämne: Final document on governance

Prioritet: Hög

Dear all,

Thank you for all your remarks.

Sweden has done a great job in reformatting the document, Hungary had good proposals for a more logic sequence of the bullets and France had a good proposal for a clear separation of steering committee and secretariat/project management, so it really has been a nice group effort!

I have accepted almost all amendments and I have included the logo sent by Hungary. I have attached the document with track changes and a version with all changes accepted.

As ^{5.1.2.e Woo} already explained below, it seems like a lot of changes have been made, but actually there are no significant changes with regard to the messages in the document.

As discussed last week, we are aiming a formal agreement on the governance by tomorrow.

So please respond to this e-mail, with your explicit agreement, by tomorrow Thursday the 14th of February at 15.00 hours.

Kind regards, ^{5.1.2.e Woo}

Onderwerp: French comments on governance and detailed distribution documents

Dear all,

Please find enclosed the French comments on the AGG governance and role distribution.

5.1.2.a Woo

France suggests to turn the role of the project managers into a secretariat. The different tasks listed in the original document are sorted again to be either assigned to the secretariat or to the steering committee.

Let me know if you need more details. Apologies for the late sending, Kind regards, and a nice evening
