Dear Colleagues,

Thank you for compiling the detailed responsibility document. I can agree with the clean version sent this morning as well as the Dutch remarks.

Would it be possible to circulate the current version of the Annex I to this document? It would be better to agree on it at the same time.

Thanks again and have a great weekend.

kind regards,

Dear all,

Please find enclosed the updated document on the detailed distribution of roles in the AGG. As you will see, quite a lot of changes has been made, with the help of Sweden. The description of all tasks has been beefed up, clarified and assigned to one or the other level in the AGG.

Please send me your comments by Thursday 28/2 COB so I can take them into account and provide the potential Members of the AGG a clean and final version of this document to be endorsed ahead of the deadline for the Commission.

Many thanks in advance,  
Kind regards,

Dear all,

Thank you [redacted] The proposed amendment is fine for Ctgb, meaning that this version of the governance document is fully acceptable by Ctgb. Commission also agreed on the governance document. However, there is no response yet from the others.

**May I kindly request a response by Monday 18<sup>th</sup> of February, so that we have the formal agreement on the Governance document?**

The next step will be agreement on the document with detailed division of responsibilities and subsequently the formal commitment of the Member States to be part of the AGG, which we all have to communicate towards the Commission.

Kind regards,

**Ämne:** Final document on governance

**Prioritet:** Hög

Dear all,

Thank you for all your remarks.

Sweden has done a great job in reformatting the document, Hungary had good proposals for a more logic sequence of the bullets and France had a good proposal for a clear separation of steering committee and secretariat/project management, so it really has been a nice group effort!

I have accepted almost all amendments and I have included the logo sent by Hungary. I have attached the document with track changes and a version with all changes accepted.

As 5.1.2.e Woo already explained below, it seems like a lot of changes have been made, but actually there are no significant changes with regard to the messages in the document.

As discussed last week, we are aiming a formal agreement on the governance by tomorrow.

**So please respond to this e-mail, with your explicit agreement, by tomorrow**

**Thursday the 14th of February at 15.00 hours.**

Kind regards, 5.1.2.e Woo

Onderwerp: French comments on governance and detailed distribution documents

Dear all,

Please find enclosed the French comments on the AGG governance and role distribution.

5.1.2.a Woo

France suggests to turn the role of the project managers into a secretariat. The different tasks listed in the original document are sorted again to be either assigned to the secretariat or to the steering committee.

Let me know if you need more details. Apologies for the late sending, Kind regards, and a nice evening
