Ingrid,

Zie bijgaande mail van 5.1.2.e Woo over GLP. De persberichten in het Duits en Engels staan inmiddels op de BfR-website.

5.2.1 Woo

In het Duitse persbericht staat dat LPT geen chronische studies heeft uitgevoerd, maar wel acute- en mutageniteitsstudies. 5.2.1 Woo

Ik zet de mail van 5.1.2.e Woo door naar AGG.

Groet,

5.1.2.e Woo

Onderwerp: AW: meeting AGG with German institutes

Dear 5.1.2.e Woo

I hope you understand the press release of BfR. May be there is an english version on the BfR-Website. If the paper is not yet available please keep it only for your personal use. We receive the press releases often early before the final ok the BfR president.

The responsible state authorities of Niedersachsen are still investigating the case. So no final conclusion has been reached so far. As acute tests for glyphosate were submitted to authorities the overall health risk assessment is not compromised.

Best regards

5.1.2.e Woo

Betreff: RE: meeting AGG with German institutes

Dear 5.1.2.e Woo

Thanks for your cooperation.

I will check which period will suit the AGG-members, We have a short holiday period around week 18/19, so may will be preferable I guess, but I will come back on that.

By the way, we saw an PAN press release concerning a fraudulent GLP-lab. Is there any truth in that?

Best regards,

5.1.2.e Woo

Onderwerp: AW: meeting AGG with German institutes

Dear 5.1.2.e Woo

good to hear from your. 5.2.1 Woo

From the BVL-side we are ready to organise the meeting. But we would prefer a date after eastern (week 16 and 17) because before in DE we have a holiday period.

We have asked the other 3 authorities (especially BfR) to attend the meeting. Subsequently I'll come back to you for the final arrangements.

Best regards

5.1.2.e Woo

Betreff: meeting AGG with German institutes

Dear 5.1.2.e Woo

Please find attached a document with our proposal for a meeting with the German institutes on glyphosate renewal.

Aim of the meeting is for AGG to learn from your experiences and to improve our procedures for the coming renewal.

In the document we propose several issues we would like to discuss, but if you or your colleagues want to add, please feel free to do so.

The form of the meeting we would propose is a roundtable which will be attended, from our side, by the four members of the steering committee of the AGG: 5.1.2.e Woo, ANSES, 5.1.2.e Woo (Kemi), 5.1.2.e Woo (NEBIC) and undersigned, 5.1.2.h Woo

If it could be held first half of April, preferably on an afternoon and following morning, we would be obliged.

Best regards,

5.1.2.e Woo
