

## **Draft agenda for the meeting on glyphosate renewal of the AGG and the German institutes**

The last renewal of glyphosate was decided upon 2017 and had an expiry date of five years. Therefore a new decision on the renewal glyphosate must be taken in 2022. For the renewal four member states are appointed: France, Hungary, Sweden and The Netherlands. They act as one RMS and are organized in the Assessment Group on Glyphosate, AGG.

Germany acted as RMS for the last renewal and the AGG would like to discuss the German experiences with the dossier.

Participants from the AGG will be the four members of the steering committee and possibly several experts.

### Aim of the meeting

The aim of the meeting is to learn from the German institutes about procedural and assessment issues the institutes encountered during and after the assessment so the AGG can proactively tackle these issues.

### Format of the meeting

Due to the Covid-19 restrictions the meeting will be a telcon through Skype. The invitation will be sent by ANSES.

### Proposed agenda

Agenda	Date	Date/Time (approx.)
	April 21 <sup>st</sup>	April 21 <sup>st</sup>
1. Introduction and aim of the meeting		14.00
2. General issues:		
a. Disclosure of documents		14.15
b. Discussion on "plagiarism"		15.15
Closure		16.15
	April 22 <sup>nd</sup>	
3. Expert issues:		
a. Literature review, discussion on transparency and criteria for exclusion of literature		9.00
b. Tox/res: specific issues of interest relevant for the 2022 renewal?		10.00
Break		11.00
