Subject: grace periods tallowamine

Dear 5.1.2.e Woo

Ctgb now is preparing for the final decisions on grace periods of the glyphosate products containing tallowamine. It is within our procedure when withdrawing products from the market that applicants and other stakeholders are invited to come up with their views. And Ctgb will give its comments in the final decisions. In our reaction we would like to be transparent in view of the grace periods that are granted by other member states. You made an inventory amongst member states, would it be possible to share this overview with Ctgb?

Thanks in advance, would be really appreciated!

Regards, 5.1.2.e Woo
