Subject: Overview of the national ban of POE-tallow amines in Glyphosate based products

Dear colleagues,

DG SANTE asked a couple of weeks ago feedback from MSs on the implementation of the restriction of POE-tallow amines in glyphosate based products. Some MSs ask for an overview of these national follow-ups.

One can find all the information we received on CIRCABC (restricted part) in the folder where information about glyphosate co-formulants was uploaded:

[/CircaBC/SANTE/annexidata/Library/Glyphosate - coformulants/Implementation of ban of POE TA](#)

For those of you who do not have the rights to access to this folder, please liaise with your colleagues whose profile allows consultation of this part of CIRCABC.

Feel free to contact 5.1.2.e Woo or me, should you need further information.

With my best regards,

5.1.2.e Woo
