### **GLYPHOSATE**

- Endocrine assessment: expert discussions in June
- Animal Health risk: Dedicated TC to allow selection of specific MS experts
- EFSA is further supporting the scientific scrutiny of the EFSA assessment
  - Publication of the WoE in a top peer-reviewed journal
  - Release of findings and raw data through PAD requests
    - Dedicated meeting with 5.1.2.e Woo and 5.1.2.e Woo as experts selected by the MEPs
    - Additional clarifications after the meeting

"Raised concerns" on EFSA peer-review are unjustified
