**Subject:** RE: CZSC TC 29 March 2019 Agenda  
**Attachments:** OPEN 1811-02 Bullet Point Questionnaire on Glyphosate renewal regulation\_-revised  
10-4-19.docx

**Importance:** High

Dear all,

As discussed in the teleconference on 29th of March, we agreed to update the glyphosate proposal, including comments by MS send during the last week (comments were received from 5.1.2.a Woo ). The position of 5.1.2.d is in line with the majority of the MS view, and is included in the new proposal. The position of 5.1.2.a Woo differs, and is not (yet) included.

There is an urgent need to conclude on this discussion, since:

- The first glyphosate renewals are in a concluding phase, and
- given the sensitive political issue a harmonized interpretation of the specific provisions is of great importance.

After review and acceptance by the Member States, the agreement between the majority of the MS could be communicated by the Member States.

Please send your comments on **22 April** at the latest.

(as in NL a political discussion on this issue is scheduled for 23 April we would like to have all views before this date).

Kind regards

5.1.2.e Woo
