My apologies. Finalizing the decision takes longer than expected due to the illness of several colleagues which are involved in the process.

I will get back to you next week with more detailed information. It should not take more than a few weeks.

If you have any further questions you can contact me at any time.

Dear 5.1.2.e Woo

I am writing to ask if you could give us an update on the status of the Woo request registered under JZOPENBAAR 2023-12.

I initially reached out to you on September 15th with the same inquiry, and at that time, you were not able to answer, as you were in the process of determining which documents fall under the scope of our request. I understand that this is a time consuming process but I was hoping that you would now be able to provide us with an estimated timeframe for a response.

Thank you in advance for any information you can provide.

Best regards,

Thank you for your email. The request has our full attention. We are currently in the process of determining which documents fall under the scope of the request. This is a time consuming undertaking as there are several old dossiers involved. Furthermore we will need to consult several third parties for their opinion on the disclosure of the documents. I will come back to you as soon as I can give you a more detailed timeframe.

Please let me know if you have any more questions.
