Subject: RE: EFSA Workshop on the new EFSA Guidance Document on Bee Risk Assessment

De vraag naar de impact wordt bepaald door eventueel overgangsrecht. Laten we daar ook even naar kijken!

Ha 5.1.2.e
Lijkt me dat dit impact heeft op de uitvoering van het project voor de versnelde herbeoordeling van de risico's voor bijen van thiacloprid en acetamiprid. Betekent publicatie ook dat dit officieel toetsingskader is of moet SCOFCAH eerst nog vaststellen? Graag uitzoeken hoe we dit in het project verwerken en dit vervolgens in- en extern afstemmen.

Dear Expert,

We are now organising a workshop on the new EFSA Guidance Document on Bee Risk Assessment which will be published beginning of July. We send this message to you because it may be of interest for you to participate.

The workshop is a good opportunity to get familiar with the GD and to seek clarification on issues which may be unclear. There will also be an opportunity to discuss with the experts who were involved in the development of the GD.

The official deadline for registering to the event was closed by today. However given the importance of the new GD for risk assessors in regulatory authorities it was decided to keep the registration open until end of next week (20 June).

Best wishes,

5.1.2.e
