Subject: REMINDER - Glyphosate: first reflections on the re-approval journey

Dear 5.1.2.e

On 10 December 2020, Bayer hosted a virtual panel where Bayer glyphosate EU Regulatory Lead 5.1.2.e and a pool of Bayer experts engaged in a passionate discussion about the glyphosate dossier submitted by the [Glyphosate Renewal Group](#) (GRG) on 8 June 2020, and its importance for the regulatory process of the renewal of the substance in the EU. It was an invaluable occasion for Bayer to connect with a broad audience in an interactive dialogue regarding the re-approval of glyphosate in the EU. Almost 6 months later, we want to discuss the most recent updates on the renewal process and what is the road ahead, also in light of the conclusion of the scientific evaluation of the dossier by the Assessment Group on Glyphosate

(AGG) and the issuing of the Draft Renewal Assessment Report (dRAR) in June 2021.

On July, 6 Bayer invites you to join distinguished speakers in an interactive dialogue about the glyphosate dossier and the renewal process.

5.1.2.e will illustrate these points in an easy to follow format and, together with the support of a pool of experts, explain and respond to specific questions during the conversation.

Discussion and questions from the audience will be moderated by 5.1.2.e

5.1.2.e Journalist and Senior Advisor of the European Policy Centre.

We look forward to having you with us!
