

STATEMENT CATEGORY 4 STUDIES

TO WHOM IT MAY CONCERN:

Sharda Cropchem Ltd. owner of all the European Registrations, and all its European subsidiaries as holders of the authorizations, hereby declare that there are Category 4 studies proposed and already arranged to support the renewal of Captan 80% WG formulation in ZRMS Czech Republic.

Please refer to Annex I summarizing information on new studies already arranged with Captan 80% WG. Justification of the necessity of the studies, as well as timelines and evidences that the studies have been ordered are provided.

Due to the proposal of Category 4 studies, Sharda hereby requests to zRMS Czech Republic to postpone the evaluation of the renewal dossier until the finalization of all proposed Cat 4 studies (estimated period need February 2027). CORE DOSSIER, in dRR format (Part A, B and C) will be submitted till 3 months later, i.e till May 2027.

Date: 27 January 2025
